WANAMAKER & BROWN

OAK HALL, PHILADELPHIA.

Worth Knowing.

There is a place in Philadelphia where a stranger may buy his clothes, and fare as well as if he knew the whole city by heart; and if knows nothing about the value of cloths, or of clothes, he is as well off as if he were a good judge of both.

The reason is that everything to made and sold under a system which rarely allows mistakss to occur, and which corrects them if they do occur.

OAK HALL is the place, and its practice may be summed up in a few words. If you get there what you don't want to keep at the price, you return it, and get your money back.

This means a great deal more than appears on the surface. It means that you are not going to get what you will not want to keep at the price, if the merchant can help it. It means that the clothes you get there will be of honest cloths, honestly made; and that they will cost you less than as good clothes can be got for elsewhere. It means that they will be every way better worth your money than you can get elsewhere for the same money.

If it means anything less than these things-if it means poor cloths, trimmings, cutting, sewing, or in any way dishonest or illiberal dealing; the return of his goods will plague the merchant, injure his credit and dissipate his trade.

If it means these things-if it means liberal and honorable dealing, valuable and trusty clothing, case and safety in getting it, OAK HALL is the place for you to go to, or to send to; and it is worth your while to know how you can send, if it is inconvenient to go.

Write; say what your occupation is; say what sort of use you intend to make of the clothes you want; whether for everyday wear or otherwise; what color you prefer, or what color to avoid; say about what you want to pay; say everything that you think may aid a stranger in choosing for you. You will get in reply samples of cloths and prices of whatever you want made from these cloths. You will get also the means of having your measure taken by an unskilled person.

There is only one difficulty left. Somebody has got to take the risks of the dealing; for there are risks. Send your money along with your order. That covers the risk as to your good faith. We risk everything else; the fit and your satisfaction every way.

Our trade by mail amounts to half a million dollars a year; there's no reason why it shouldn't amount to
